

0 to 25 kms in under 20 minutes.
Not to mention the cleaner journey.

Not your average daily office commute, this. No long traffic jams and no inhaling toxic fumes here.

Just a clean, fast and efficient way to get to work every morning. And a relaxed return journey home as well.

Giving you the benefit of more time that you can use for anything else that you enjoy, like reading, listening to music, streaming TV shows and even catching up on work, occasionally.

Travel the city, the way the world does. Discover the world of difference, that Metro Rail can make to your life.

Live the Metropolitan Life

The cleaner, faster office commute.
Impromptu lunch or shopping included.

Say goodbye to all those long traffic snarls and the toxic fumes on our city streets.

And say hello to Metro Rail travel. Where the ride to office every day is so much faster, cleaner and more efficient.

With the added benefit of catching up with friends for an impromptu shopping trip or a visit to a museum, anytime you need to. No parking hassles and no delays.

Leave your parking worries behind.
Pack in a novel or TV show instead.

The quickest and most hassle-free way to get to work and around town is the Metro Rail. Little wonder, it is so popular with millions of office-goers in cities across the country.

Here, you don't have to worry about traffic or about finding parking space. You can simply immerse yourself in some good reading or a TV show, while the Metro Rail transports you quietly to work every day and back.

Travel the city the way the world does. Discover the world of peace and quiet on Metro Rail.

Live the Metropolitan Life

No traffic snarls on this route.
Cruise control your time and work.

Well, this is not your average daily commute to work. Here, you won't find traffic snarls, cars honking, toxic fumes, heat and noise.

Metro Rail is the modern way to commute to office and anywhere else in the city. You save precious time, which you can put to better use elsewhere. Reading, listening to music, or simply relaxing and thinking.

Women in the fast lane.
Safer on women-only trains.

There's nothing working women want more than safety when commuting to and from work every day. Especially when working late hours.

Metro Rail is perhaps the safest and quickest city commute you're likely to find. During rush-hour you're better off opting for our women-only trains. At other times, all our trains are equipped with adequate women-only coaches.
